Our apologies...however, we have already created more than one ticket for the same issue. Since Maria has already been working directly with Ryan on the issue.....the thought was that we were only providing additional details to help with resolution. We were under the assumption he could update the ticket as appropriate and that you wouldn't want a brand new one created.

Subject: FW: Incident INC0046912 -- opened on your behalf

As you are all aware, we went live on Monday with our enhanced Suspicious Order Monitoring (SOM) to remain compliant with the DEA. To remain Compliant all members of the group need to have access to the new mailbox with full permissions. As previously sent Karen appears not to have access to send emails from SOM inbox.

Also, I neglected in my original email to mention that Judith Wizorek will also need access to this mailbox with full permissions.

In addition we need for the "from" to default to SOMorderinquiry verses who is actually sending the email.

Thanks for you quick response to this matter.

Best regards,

Maria Lesny
